

MATERNITY SIZE GUIDE

What size should I select?

SIMPLY CHOOSE YOUR PRE-PREGNANCY DRESS SIZE

For example, if your dress size was a size 6 at the start of your pregnancy, we recommend you select a Tina Mak size 6. We design our dresses in line with your pre-pregnancy clothing size for your convenience. We add the extra where necessary, giving you one less thing to think about.

If you fall between sizes, we recommend you select the larger size. It is always easier to take in a dress than to let it out.

If you have any doubts, we are happy to assist you. Please call toll free at 1.855.TINA-MAK (846.2625) or email us at orders@tinamakweddings.com and we'll be delighted to assist you.
